Late reports from Mr. Charles Bratton, now at Clifton Forge, Va., in the C. and O. Hospital, are to the effect that he is not much improved.

The last payment has been made on the \$8,000 judgment awarded at Winchester to Mrs. Abrelia Marcum against James Hargis and Ed Callahan, as a result of the murder of J. B. Marcum. Due to interest and other causes the amount had grown to over \$11,000.

MORE PAY

Bill to Be Introduced Affecting Salary of State Officials

Senator Nat E. Cureton of Louisville will introduce a bill at Frankfort providing that the salary of the Lieutenant Governor shall be \$2,500 a year, which shall be in lieu of all fees paid to him as President of the Senate and while acting as Governor. The present pay of the Lieutenant Governor is \$10 a day during the session of the Senate.

Another bill affecting the salaries of members of the Legislature is being talked of. It will provide that Senators and Representatives be paid \$1,000 a year in monthly instalments.

All matter for publication must be handed in before 9 o'clock a. m.

As a man's worst foes are said to be those from within, so the worst foes of Democracy are those within the party.

Night riders raided the Northern portion of Christian county Saturday night. They cut the telephone wires and the extent of their depredation cannot be learned. A farmer who was accused of selling pledged tobacco to the "Trust" was whipped after his house had been riddled with bullets. The main body moved in the direction of Era.

Governor Willson is ill with grip at his home at Louisville, and does not expect to be at his office at Frankfort for several days. In the meantime Lieutenant-Governor Cox is Governor de facto, but it is likely that because of his duties as President of the Senate, Secretary of State Ben L. Bruner will attend to the duties of the Executive.

ABSOLUTE BUSINESS HONESTY . . .

Our customers know our business methods so well that they are sure they always get full weight and full value for their money without our spending valuable time telling them so. We are too busy selling goods to write long advertisements. The finest line of Canned Goods, Dried Fruits and Cereals in the city at honest prices and honest weights. We just wired for another fresh shipment of Kar-a-Van Coffee, 30c, 35c and 30c the pound. Once tried, always used.

NOTICE TO SUBSCRIBERS

THE LEDGER, within the past month, has mailed a number of bills to delinquent subscribers. Unless these accounts are paid, and for a short time in advance, these papers, under the new ruling of the Postoffice Department, will be discontinued February 1st, 1908. Others knowing themselves to be in arrears for only a few months, as shown by the yellow label on the paper, are also kindly asked to call and settle at once, so as not to miss a single issue of the paper. We want to retain all our subscribers, but hereafter we are compelled to discontinue THE LEDGER when the time for which it is paid expires.

NOT ONLY A WONDERFUL SALE FOR US,

BUT ALSO A WONDERFUL PURCHASE FOR YOU!

So much so that many who bought those Suits at \$9.50 don't seem to understand it. "We do." Conditions point to lower prices on all kinds of materials for men's wear. What money is lost on what we sell in this sale is partly made up by getting the CASH and enables us to secure concessions on our spring purchase.

A few days since we run across about 85 Men's Suits, all sizes, adapted for spring wear. Many of these Suits are worth and sold for \$15 to \$20. The Spot Cash bought them cheap, so cheap that this week they will go on the \$9.50 Table.

NOW IS THE TIME TO BUY AN OVERCOAT—"RIGHT NOW."

NO QUORUM

In Legislature and There Was No Vote For Senator Yesterday

FRANKFORT, KY., January 27th.—When the joint session convened at noon vacant seats in all directions faced Speaker Gooch. There were twenty-nine pairs in both Houses, and a quorum was broken as the easiest way to handle the situation.

On the call of the roll twelve Senators answered present.

Representative McKnight raised the point that, the roll call showing a majority of the Senators not being present, the joint session could not continue. He held that it required a majority of both Houses to constitute a legal joint session.

Speaker Gooch ordered the Clerk to call the roll of the House members and reserved his ruling on Representative McKnight's point.

\$500,000 FOR STATE SCHOOLS.

Senator Oliver of Allen county offered a bill for the benefit of State University and Eastern and Western State Normal Schools appropriating \$500,000 for the erection of necessary buildings, furnishing necessary equipment and purchasing additional grounds.

Under the provisions of the bill State University will get \$200,000 and the two normal schools \$150,000 each. The bill also provides for \$20,000 annual appropriation to each institution.

"EQUITY" AND WHAT IT MEANS.
(From Webster's Dictionary.)

"EQUITY—Justice; impartiality; the giving, or desiring to give, to each man his due, according to reason, and the law of God to man;—distinguished from justice in requiring a more perfect standard than any positive enactment or custom; the quality of being equal handed—or just; even-handed action.

"(Law) An equitable claim."

It may be said that nine-tenths of the people of Kentucky are with the American Society of Equity and the Barley Tobacco Growers' Association in their contest to combat the alleged evils of the so-called Tobacco Trust. On the other hand, we may say that nine-tenths of the people of the state of Kentucky are against the Society of Equity and the Barley Association, if intimidation, violence, arson and murder are to be the weapons used to defeat the machinations of the alleged Trust.

The fight of the farmers has already greatly increased the value of the tobacco grown in Kentucky. But what a price the state has paid for the increase. While we have gained a few millions, we have lost tens of millions during this brief war of outlawry and terrorism of the "night riders" and this general campaign of intimidation, barn-burning and wholesale anarchy, the driving away of capital and the entire destruction of the good name which old Kentucky has heretofore nobly borne and should continue to bear.

Webster's definition of the word "Equity" is given as the caption of this article. Now, the literal and ethical definition of a word may mean one thing and the ethnic and human interpretation of the same word may mean entirely the opposite.

However, the literal meaning of the word "Equity" is given above and its definition stands for

"A SQUARE DEAL FOR EVERY MAN."

Our limited space and our limited understanding of this great question and fundamental aphorism, both preclude THE PUBLIC LEDGER from indulging in any further discussion of the subject either in the abstract or the concrete. Life is entirely too short to engage in a specious, systematic argument, logical or illusive, to convince anyone. We will leave the ink-slinging and the hair-splitting to the other fellows; suffice it to remark that the word "Equity" may mean any old thing that the conscience of the unfair mind may choose.

But in spite of that, the word means the same and it remains the very highest order of impartial Justice. It means even more than this. For in its exalted significance it partakes of the divine and is inspired by that Eternal Spirit of Justice handed down from Mount Sinai by God Himself.

It makes all the difference in the world whose ox is gored.

The farmers claim that the Tobacco Trust has been throwing the hooks into the tobacco growers for many years, and now that the grower is getting back at the Trust, the latter is squealing for a square deal and for fair play under the law.

If the Tobacco Trust has trampled the law

under foot, that does not license the tobacco growers to do the same thing. The strength of the law lies in its impartial enforcement.

Remember a blatant law breaker has no standing in a Court of Justice.

Every unlawful act the tobacco grower has committed under the guise of the "night rider" and the intimidator, has conduced to the benefit of the Tobacco Trust. It has tied the hands of the Independents and tightened the grip of the Tobacco combine.

The very reason why the American Tobacco Company has built up such a gigantic combine and has piled up such fabulous dividends is mainly because it has done so quietly, peaceably and systematically. It may have used gumshoe commercial intimidation, but it has never been openly violent and resorted to whipping, barn-burning, burning and shooting up towns. Monopolies don't work that way, and they would never succeed that way even if they attempted it.

The tobacco growers have got to fight the Tobacco Trust with its own weapons, i. e., systematic competition, and even the boycott if necessary. They must stand together, if they can, cut out the crop if possible, and manufacture high-grade chewing and smoking tobacco and cigars, and compete with the combine on high commercial grounds.

Now as regards the driving of the Tobacco combine from Maysville and the State of Kentucky, it cannot be done under the law. You had just as well attempt to drive the clothing merchants, the drygoods merchants and other commercial enterprises from Maysville. The law was made for all, not for a few.

The American Tobacco Company may be a Trust and a combine in the most modern hateful sense; but there are two sides to all questions including this one and the facts remain that the American Company at Maysville is one of the principal business interests of our city. It has one of the largest plants in the country at Maysville and pays out hundreds of thousands of dollars annually here. Last week it paid its employees \$1,142 in wages.

What would become of its scores of employees here should it leave Maysville, as it is likely to do?

The American Tobacco Company could leave Maysville and go to Ohio or some other state. But would this help Maysville or the Mason County Tobacco Growers? No. Because the Company could leave here and still have its secret purchasing agent in the State.

The City Council of Maysville has no more legal right to drive the American Tobacco Company from Maysville than it has to bar out the Cotton Mills, the Palley Factory or the Hall Plow Works.

The idea is founded on the most biased theory of the law and justice and is class legislation of the most rank, transparent and vicious sort.

We appeal to the tobacco growers and Equity managers to keep within the law and to fight their battles fairly in the open where public opinion can see its way clearly to enlist in the contest for better prices and for the elimination of every inimical Trust opposing the natural increment due the hardy and sweating sons of toil, who produce the leaf that cheers and soothes the world.

We are brothers all and are only here for the briefest of periods. Let us stand with the farmers as long as the farmers stand with the law.

Let us have courage, for the crisis is rapidly approaching when a state of civil war may be the outcome.

Keep cool. If you cannot keep cool, keep as cool as you can, and all will yet be well.

This great tobacco question is slowly but surely adjusting itself, and nobody need necessarily work himself up to the scrapping point. Are we not supposed to be a sane and a reasonable people?

If not, God help you, and God help us, and God help old Kentucky.

BABY GIRL CRIED AND SCRATCHED

All the Time—Torturing Eczema
Covered Her Body—Could Not
Sleep—Doctor Said Sores Would
Last for Years—Skin Now Clear.

CURED IN THREE MONTHS BY CUTICURA REMEDIES

"I take great pleasure in telling you what a great help it was for me to use Cuticura Soap and Cuticura Ointment for my baby niece. She was suffering from that terrible skin disease, eczema. It was all over her body but the worst was on her face and hands. Her hands were so bad that she could not hold anything. She cried and scratched all the time and could not sleep night or day from the scratching. I had her under the doctor's care for a year and a half and he seemed to do her no good. I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But I had depended on the doctor my baby would have lost her mind and died from the want of aid.

"I used all the remedies that everybody told me about and I tortured the child almost to death. Then I saw in the paper how Cuticura was the thing for irritating skin. I bathed her with warm water and Cuticura Soap and used the Cuticura Ointment. She was cured in three months. Now her skin is as clear and smooth as it could be. I shall recommend the use of Cuticura wherever I see the skin in bad condition. Alice L. Dowell, 4769 Easton Ave., St. Louis, Mo., May 2 and 20, 1907."

Mr. Earl Corwin, formerly of this city is dangerously ill with double pneumonia, at his home in Ashland.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. A Cane in Defense.

"If you want to keep off hold-up men," said an old detective to the observer, "carry a cane. A hold-up man is more afraid of a cane than he is of a revolver. He's deathly afraid that the man carrying it will jab it in his face or eyes or get the end of it in his mouth. On this account they're just as much afraid of a small, light stick as they are of a heavy one."

"There are so many different ways of using a cane that a man doesn't know just which way to guard against it. And any man can use it. Nine men out of ten who carry revolvers couldn't hit the side of a barn with them, and the 'hold-ups' know it, but it doesn't take any skill or practice to learn to slambang away with a walking stick."

Character.

Character is consolidated habit, and habit forms itself by repeated action. Habits are like paths, beaten hard by the multitude of light footsteps which go to and fro. The daily restraint or indulgence of the nature in the business, in the home, in the imagination, which is the inner laboratory of life, creates the character, which, whether it be here or there, settles the destiny. Men forget what life is for. Their consciousness takes in only the flimsy, transient, passing show. They forget that experience is the only all important factor. That character is worth more than all else the world can possibly yield—the very object of all materials, of circumstances—Western Catholic.

Our Government Cemetery in Mexico.

"Though very few people are aware of the fact," said an army officer the other day, "the United States government owns and maintains a national cemetery in Mexico. It is located at San Cosme, near the City of Mexico, and was purchased and established in the year 1850 for the purpose of interring the remains of the soldiers of the United States who died or were killed in that vicinity during the war with Mexico and also for the purpose of interring the bodies of citizens of the United States who have died in that vicinity since that period."—Washington Star.

ONLY ONE WAY TO RETAIN HEALTH

Young Man with New Theory Says All Depends on Stomach.

L. T. Cooper's theory regarding the human stomach is rapidly becoming a topic of universal discussion. Cooper claims that the human stomach has become chronically deranged by modern conditions, and that sickness generally is the result. In a recent interview, while introducing his medicine in a leading city, Mr. Cooper said: "There is just one way, in my opinion, to maintain general health, and that is by building up the digestive organs. The vast majority of Americans today have weak, flabby, distended stomachs. This has been caused by many generations of over-feeding and lack of exercise, until today the entire civilized race is affected. This is the true cause of most of the ill health of today. Little can be done to relieve it until the stomach is once more brought back to normal conditions. I am successful because my preparation puts the stomach in sound condition, and as I maintain this is the only way to secure general and permanent good health." Among many prominent people who have recently become converted to Cooper's theory is Mr. E. M. Howey, of 47 1/2 De Russey Street, Binghamton, N. Y., who says: "I had stomach trouble for about six years. After eating, I would become bloated and have a distressed feeling for several hours. This would be accompanied by heartburn, and I reached the point where I could not enjoy my meals at all. 'I tried different remedies in an effort to find relief, but without success. After taking three bottles of Cooper's New Discovery I am entirely cured. My stomach does not bother me in the least, and I can eat anything I like. I can cheerfully recommend Mr. Cooper's medicine to anyone afflicted with stomach complaints.' Mr. Cooper's medicines are making a remarkable record. We sell them, T. J. Chenoweth.

PUBLIC LEADER
MAYSVILLE, KY.

7 TO 5

**Maysville City Council Re-
fuses to Attempt to Legis-
late American Tobacco
Co. Out of Business**

**Intense Interest and Some Im-
passioned Speeches**

Owing to the large crowd in attendance the special meeting of the City Council yesterday afternoon was held in the Courthouse, the Council Chamber being inadequate for the assemblage of farmers, lawyers, doctors and citizens in general attracted thither to hear the momentous and all absorbing tobacco question discussed in its various phases, forms and angles by learned and forceful speakers.

The capacity of the spacious Courtroom was taxed to the utmost to accommodate the anxious and eager people—probably over five hundred being present when the gavel fell—and never in the history of the historic old edifice had a more imposing and dignified gathering of Kentucky menhood, the real brain and brawn of the land, assembled within its walls.

Promptly at the hour named Mayor W. E. Stallcup, followed by the full Board of Council, filed up the aisle and while the members took seats arranged within the chamber the presiding officer mounted the rostrum and called the meeting to order with a rap of the gavel and a hush and stillness followed.

Without any preliminary or extraneous verbosity the Mayor proceeded to the real matter before him by reading the two petitions—one from the Board of Control of the Mason County

Society of Equity and one from the merchants requesting that Council comply with the conditions set forth in said paper. On motion the petition was received.

Not having been advised as to the full purport of the meeting—never having had an opportunity to read in its entirety the preamble accompanying the Equity petition—the Mayor asked Council if any member had anything to offer, whereupon Member Clooney arose and read a carefully prepared Ordinance, covering the situation from an Equity standpoint, and moved its adoption, which was seconded by Member Eitel.

The Ordinance being properly before Council Member Dieterich asked for an opinion from the City Attorney as to whether or not Council was vested with power to enact an Ordinance prohibiting a citizen, acting within the rights guaranteed to him by the Constitution and statutes of Kentucky, from conducting his business, provided he is within the pale of the law.

Mr. Collins, in explanation, said he never had an opportunity to read the Ordinance, and its reading here in Council was the first he knew of its contents. He then read by sections and gave an opinion of each, and as a whole that the Ordinance would be null and void if passed. County Attorney Thomas D. Slattery being called for arose and after making proper and due acknowledgement in being complimented by his selection as representative of the farming community, proceeded to address Council in a lengthy and able argument—at least the burly growers thought so, judging from the approving applause he received. He was argumentative, cited law, and predicted all kinds of dire and calamitous things if Council failed to heed the handwriting on the wall.

To thoroughly appreciate the remarks of A. M. J. Cochran, one must have heard read the Ordinance and digested the meaning between the lines, the implied consequence if Council did not adopt the Ordinance. In substance he condemned it as pregnant with evil and vicious in purpose, that it carried with it a threat of calamity and boycott to the city. His remarks were lucid, sincere and earnestly delivered.

Judge C. D. Newell and Hon. J. N. Kehoe both made impassioned speeches in favor of the adoption of the Ordinance and were cheered to the echo by the members of the Burley Growers Society.

After City Attorney J. M. Collins again set forth his reasons why there should be no action taken in the matter, a yea and nay vote was asked for the adoption or rejection of the Ordinance, which resulted as follows—

Nay	Yea
Russell,	Lee,
Short,	Clooney,
White,	Dodson,
Crowell,	Eitel,
Derach,	Greenlee.
Fleming,	
Dieterich,	

The Chair declared the Ordinance failed to carry, and on motion Council adjourned.

SIDE SWIPES.

"Wild times," says Kehoe.

Was Eitel really asleep, or was he only 'possuming?

"Babes in the Woods," says Newell—meaning Council.

"The petition as presented is wrong," says A. M. J. Cochran.

Judge Newell interpreted the Latin quotation as follows: "Use thine own as not to injure that of another."

Here is a query City Attorney Collins wants County Attorney Slattery to elucidate. "If the Police have power in regulating affairs within the corporate limits of the city, what's the matter with the Fiscal Court in controlling the public roads of the county and preventing outsiders hauling tobacco over said thoroughfares? What's sauce for the goose is sauce for the gander."

"Sic utere tuo ut alienum non laedas" That's what Jim Collins said Tom Slattery said. Too bad!

"An ounce of prevention is worth a pound of cure," says another wise sage—having reference to a raid on the city.

THE COME AND SEE SIGN

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?
It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound. Is it a purely vegetable compound made from roots and herbs—without drugs?

Come and See.
Do the women of America continually use as much of it as we are told?

Come and See.
Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See.
Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.
Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.
Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.
This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

WILL MISSING

**No Document Found of Late Father
John W. Mackey**

At Cincinnati, Father Gallagher reported to Probate Judge Malabary that no will of the late Rev. Father John W. Mackey has as yet been found and Archbishop Moeller desires some one named to administer the estate. Father Mackey's brother, Thomas, lives in this county, and a sister in Indiana, but as they are non residents they cannot serve to administer the estate.

Judge Malabary said that as soon as Archbishop Moeller or relatives make application, an Administrator will be named.

It is stated that Father Mackey had left a will disposing of his entire estate, which was witnessed by two Priests.

Although diligent search has been made for the document, it has not been found, and it is believed that Father Mackey may have destroyed it.

DANGER IN DELAY.

**Kidney Diseases Are Too Dangerous
For Maysville People to Neglect.**

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Maysville.

Mrs. J. E. Burns, living on the Blue Run Turnpike, West End, Maysville, Ky., says:

"My opinion of Doan's Kidney Pills which I expressed through our newspapers in the spring of 1900 has not altered. I value this preparation more highly today than I did when I gave my first testimonial. Before I got Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore I was troubled with severe spells of backache and kidney complaint which came on every few months, and there were times when I was confined to my bed and rendered almost helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have noticed slight returns of backache since, but an appeal to their use has never failed to quickly and positively check the trouble. In every case I know of where Doan's Kidney Pills have been used the results have always been satisfactory."

For sale by all dealers. Price 50 cents a box; Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
